Dear Mr. Modany:

My name is \_\_\_\_\_ and I am a student at \_\_\_\_\_, a school that is owned by ITT Tech. I recently learned that ITT Tech has not filed important financial documents required by federal law which could put my college at risk of being sold or closed. As a \_\_\_\_\_ student who is investing a lot of my hard-earned money to earn a college degree, I am calling on ITT Tech to be fully transparent with students about the financial well-being of our school.

Tell us the truth.

We have a right to know.
